Education

Marwadi University, Rajkot   Aug 2020 - April 2024

B.E in Computer Science and Engineering   **CGPA: 6.5/10**

Relevant Coursework: Object-Oriented Programming,Computer Networks, Software Engineering, Operating Systems.

Skills

Languages: Html, CSS, Javascript, React.js, Next.js, Mongodb.
Functional: Agile, SDLC, Team Work, Communication, Cross-team collaboration, Project Management.
Tools: Vscode, Chatgpt, Figma, Canva, Git and github, Vercel.

Work Experience

Nettyfy Technology, Ahmedabad   May 2024 - Present

Web Designer & Developer

- Developed and implemented dynamic front-end solutions using JavaScript frameworks such as React.js and Next.js, ensuring seamless, responsive user experiences across multiple platforms and devices, including mobile and desktop.Collaborated with cross-functional teams to analyze project requirements, design scalable software architectures, and write clean, efficient code following industry best practices and coding standards.
- Collaborated with cross-functional teams, including back-end developers and UI/UX designers, to translate business requirements into technical solutions, contributing to scalable and maintainable software architectures.
- Enhanced the performance and optimization of web applications, reducing page load times and improving overall user experience through code refactoring, lazy loading, and image optimization techniques.
- Used tools like Git for version control, collaborating effectively in an Agile environment, participating in daily stand-ups, sprint planning, and code reviews to ensure timely delivery and quality of work.
- Integrated animations and micro-interactions using Framer Motion and Tailwind CSS to create engaging user interfaces, improving user interaction and boosting overall user engagement.

DNB Multiapps, Vadodara   Jan 2024 - March 2024

Designer - Intern

- Assisted in the design of responsive web solutions using ReactJS, TailwindCSS, and MUI to enhance user interaction and visual appeal, under the mentorship of senior developers.
- Collaborated closely with design and development teams to implement user-centered React components, ensuring designs were both visually appealing and functional across various devices and browsers, while adhering to established design guidelines and project requirements.
- Improvement in UI/UX designs, conducting quality checks and providing insights to improve the overall user experience through responsive layouts and efficient use of React's component- based structure.

Project Work

Project Title   : **Swap-Shoes**
Front End   : NextJs,TailwindCSS,RedixUI
Back End   : Node Js
Description   : **A responsive Next.js-based shoes e-commerce platform with Stripe integration for payments, Node.js backend for API handling, and Strapi CMS for efficient management of product information and images.**

Project Title   : **Asios Global**
Front End   : React Js, Tailwind CSS, Framer motion ,GSAP,ant Design
Back End   : Node Js
Database   : Mongodb
Description   : **Created an advanced, responsive website and admin panel for ASIOS Global, optimizing inventory management, order processing, and product oversight for their ceramics import/export operations.**
