Summary

With 4 years of full-time experience, I specialize in creating, customizing, and optimizing WordPress websites. Proficient in both front-end and back-end development, I excel in theme customization, plugin development, and performance optimization. Skilled in using Advanced Custom Fields (ACF) to build dynamic, highly-customizable sites, I focus on delivering responsive, user-friendly designs and seamless client experiences.

WordPress Development: Theme customization, plugin development, and site optimization.

Front-End Technologies: HTML5, CSS3, JavaScript, jQuery, Bootstrap.

Back-End: PHP, MySQL, WordPress REST API.

Tools: Figma, Adobe XD, Photoshop, Elementor, WPBakery.

Responsive Design: Mobile-first development and cross-browser compatibility.

SEO Optimization: On-page SEO and performance tuning.
